

The Acer Projector consumer

Large enterprises, small businesses, mobile professionals, educational institutions and of course home users have different demands and expectations from their projectors. Each has its own priorities that range from compact precision and lightweight portability to versatile connectivity and high-definition performance.

Acer's family of projectors were designed from the ground up with the latest lens technology for ultra-high brightness, enhanced colour performance and high contrast ratios in any environment while retaining the advanced, user-friendly and dependable technology the Acer name is renowned around the world.

The Acer projector family includes the Acer Professional Series, Acer Travel Series, Acer Value Series and the Acer Home Series, each designed to deliver the very best combination of technology, value and versatility for an excellent viewing experience.

Acer **X1160 - X1260** Projectors

The Acer X1160 and X1260 projectors were designed to make entertainment simple for all the family. Equipped with a brand new 6 Colour-wheel design and Acer ColorBoost colour enhancement technology, these stylish DLP® projectors deliver vivid, life-like images and an entirely new level of colour performance.

Acer ColorBoost technology provides optimized colour performance tailored for life-like pastel images – the most commonly used in all applications and images – and delivering a more enjoyable viewing experience.

Acer **P1165 - P1265** Projectors

With high native SVGA and XGA resolutions, 2400 ANSI Lumen, a 6-segment colour wheel and both digital and analogue connectivity options, the Acer P1165 and P1265 Projectors are ideal for classroom environments where cost-efficient reliability, smoother and crisper images, picture-perfect precision and flexible connectivity are essential.

Acer **PH730** Projector

The Acer PH730 was designed to bring high-definition home entertainment to life. Featuring a 7-segment colour wheel, BrilliantColor™ technology and a native resolution of 1280 x 768 and HDMI input, this projector delivers fast-paced sports, cinema or even home movies with precise smoothness, enhanced colour, and super-fine detail.
